A COMMUNITY house opened in Leppington on Tuesday to give residents access to more services and activities.

The Leppington Community House will be a hub for residents looking for information and for something to keep them entertained.

It will also be available for the community to use as a base for public events.

Located in a disused section of Leppington Public School, Camden Community Connections co-ordinated its establishment with the help from Camden Council, Camden Lions Club and Bunnings Narellan.
