

NARELLAN

# Lion-hearted art of dancing

Dennis Clough

FIFTEEN students from Leppington Public School will bring Chinese culture to the Narellan Rhythms Festival on Saturday.

The children have been practising Chinese lion dancing every week with tutor Allen Garcia from the White Crane Society.

Principal Bronwyn York said the school's population was made up of many chil-

dren with heritage from southern China and this was a good opportunity for them to join children of other backgrounds in a traditional performance.

Camden Council community services manager Linda Campbell said the dancing is among a rich program for Narellan's top cultural festival. "We will have musicians performing throughout the day and local artists," she said.

FEEL THE BEAT
