

Camden Seniors Issues Group

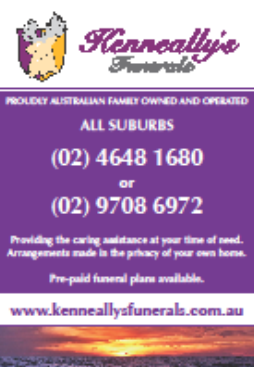

The Seniors Issues Group (SIG) is an independent group where members attend as individuals, or as representatives of local seniors organisations, groups or related services that operate within the Camden area. The SIG is run by and for seniors.

The Seniors Issues Group was formed so local seniors could get together to voice their concerns among peers, discuss local topical issues, become involved in community projects

If you have an issue that you would like raised or would like to join the committee please call 4647 1283.
